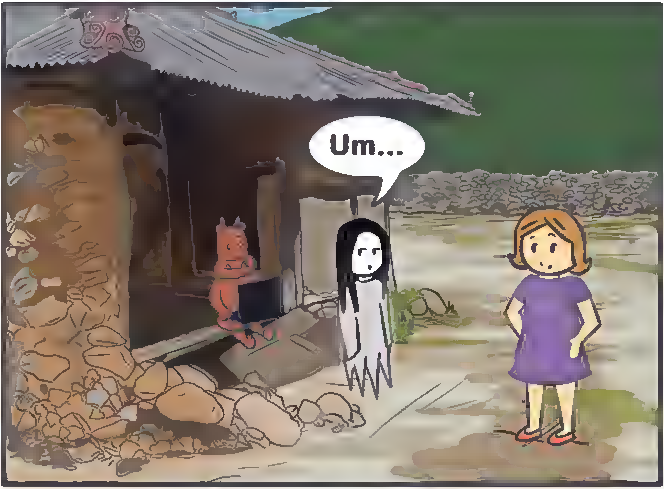
NICHOLALALA

You have an internet boyfriend?!
Why didn't you tell me?



Um...

Oh look at the time! I gotta... go... put a... cow on a farmer's roof...

Um... yeah

I thought you told me everything

I was worried you would laugh... you laughed when I had a fake boyfriend before.

I didn't really know you back then.
But you should be careful. You don't know anything about him.

Yes I do! I do know about him!

But you haven't even met him yet.

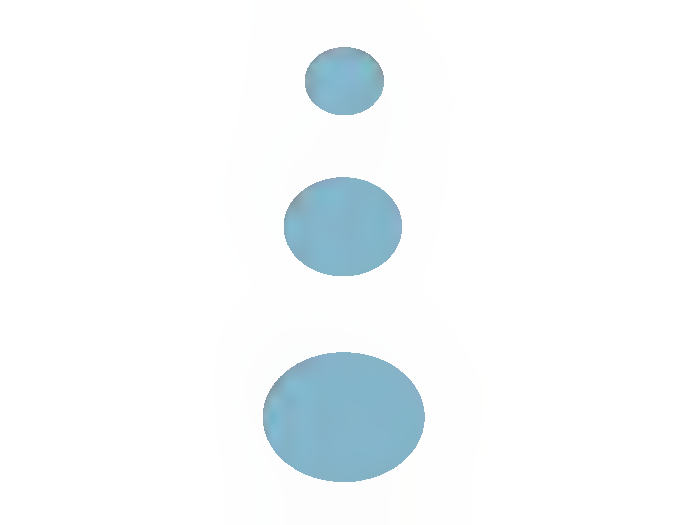
See! I knew you wouldn't understand.
You already have a husband!
You are already happy! I'm not!

I'm just worrying. I don't want you to be hurt.
I don't think this is a good idea...

You don't need to worry.
I'm about 400 years older than you.

Leave me alone!

Fine. Do what you want.



Hi...
